

THE SHOWS

The fantastic event with the champions of international artistic roller skating returns to the Mandela Forum in Florence for the eighth consecutive year. The two completely different shows constitute the high point, particularly due to the extraordinary participation of the International Stage athletes and the collective performances of the athletes from the Tuscan clubs.

GROUPS CONTEST

OPEN TO ALL GROUPS SHOW & PRECISION

Teams participating in the splendid Mandela Forum arena will have the chance to finish their preparations, but also, the many groups that don't have the possibility to reach for higher goals will have the opportunity to perform in a very prestigious setting (as rarely happens). The 2018 International Skate Awards, considered to be the biggest non institutional event in world artistic roller skating, will once again see participants from all categories and specialities. It will be a competition in all respects, but

in keeping with the spirit of the International Skate Awards, it will be completely different from traditional competitions. The groups will be assessed by a panel of judges composed of great choreographers and VIP personalities, coordinated by Competition Officials. All accompanied by a fantastic light show which adds a particular magic to the skating performance.

The competition will take place on Saturday 13 January (morning and afternoon) while on Saturday evening the competitions for the large groups and precision seniors will take place during "TOP CHAMPIONS SKATE AWARDS", the show including the artistic roller skating champions. All participating

groups are then invited to give life to the "GROUP OF GROUPS", a new initiative that will form part of the musical planned for Sunday 14. And then lots of fun, something that's often missing from competitive events: the Florentine night will be all about international artistic roller skating, with an unforgettable disco.
